Subject: Horizon Mine (Pete Stamatakis)

I just finished talking to Mr. Stamatakis at 1:29 PM on 8/23/04. I gave him a copy of the R645 Coal Rules pertaining to comments and objection on permit applications. I advised him to submit a written letter to Mary Ann Wright as soon as possible because of the 30 day limitations in the Coal Rules (R645-300-122.200). He was given the Division address and could talk to me if he has questions.
